

MOTION TO STRIKE PLEA OR VERDICT, DISMISS CHARGE, AND SEAL CASE

FIRST JUDICIAL DISTRICT COURT

County: Lewis and Clark, Montana

STATE OF MONTANA, Plaintiff, v. Jordan Avery Reyes, Defendant

Existing criminal case: DC-2021-000123

Defendant contact: Jordan Avery Reyes; 42 Larkspur Street, Helena, MT 59601; (406) 555-0142;
jordan.reyes@example.org

Defendant moves under MCA 46-18-204 in this existing criminal case. The following are facts supplied and to be verified by Defendant, not findings made by this packet.

The charge is Criminal possession of dangerous drugs (felony).

Defendant entered a plea of guilty.

On 06/15/2021, the court deferred imposition of sentence; the sentence was not suspended.

The period of deferral has expired. Defendant complied with all conditions, including applicable fines and fees. Defendant contacted the sentencing court clerk, checked the deferred sentence order and confirmed from the case record that no petition to revoke under MCA 46-18-203 was filed during the deferral period. These allegations are based on Defendant's confirmed facts.

FELONY BASIS: under MCA 46-18-204(1)(a), after a felony deferred sentence is completed the court shall strike the plea or verdict and dismiss the charge when no petition to revoke was filed during deferral. Defendant alleges that proviso is satisfied.

Defendant requests: strike the plea; dismiss the named charge; direct the clerk to seal this case; classify records and data as confidential criminal justice information under MCA 44-5-103, with public access only by district court order upon good cause shown; and send a copy to the prosecuting agency. Defendant will provide a copy of the dismissal order to the Department of Justice as required by MCA 46-18-204(2).

This motion does not request early termination under MCA 46-18-208. It concerns completed deferral.

I declare under penalty of perjury under the laws of the State of Montana that the factual statements I supply above are true and correct.

PARTICIPANT INSTRUCTIONS AND SEQUENTIAL CHECKLIST

BEFORE GENERATION: any noncitizen participant must stop for immigration advice. Dismissal after deferred imposition may still be a conviction for immigration purposes. This route describes sealing and confidential criminal justice information only. Do not assume the charge may be denied.

CONTACT THE SENTENCING COURT CLERK FIRST. Ask: What is your process for a motion under MCA 46-18-204? Do you require a local form, cover sheet, or addendum? Has my case already been dismissed and sealed on the court's own motion? A current local procedure or form overrides this drafted motion. Stop if one applies; do not file a duplicate motion if relief already occurred.

Obtain the deferred sentence order and confirm the existing criminal case number, sentencing court, sentencing date, crime and classification, plea or verdict, deferral period and completion. Deferred imposition is different from a suspended sentence; a suspended sentence does not qualify for this packet.

Ask the clerk to confirm from the case record whether the prosecutor filed any petition to revoke during deferral under MCA 46-18-203. Do not assert absence without that confirmation. A filed petition defeats the mandatory felony limb and requires legal review even on a misdemeanor. Verify all conditions, including fines and fees, were completed. Obtain compliance records if asked; disputes require a stop.

For a qualifying completed felony with no revocation petition, MCA 46-18-204(1)(a) uses shall; misdemeanor relief remains discretionary. This packet is for completed deferral only. Early termination under MCA 46-18-208 requires separate review, not an assumed expired period.

Review all motion facts; sign the declaration under penalty of perjury under Montana law, giving the actual date and city/state. No notarization is required for that declaration. Do not fill the judge's findings, order date or signature.

FILE FIRST, THEN SERVE. File the motion, certificate of service and proposed order with the clerk of the sentencing court in the SAME existing criminal case. Ask how the clerk wants the certificate handled before service is completed; do not sign a false certificate. Serve the file-stamped motion by mail or hand delivery on the county attorney or city attorney who prosecuted the case. Record actual method, recipient, date and server signature after service. Court and prosecutor responses/hearings are not assumed or assigned invented deadlines.

No new civil case is commenced. No motion fee is expected, but whether a local court charges a motion fee remains unresolved: ask the clerk; this packet quotes no court fee. The adopted instructions state no fee for the CRISS request.

AFTER THE COURT ORDER: obtain the signed dismissal order. The defendant is responsible for a SEPARATE DOJ CRISS submission; court sealing alone does not complete the DOJ record update. Use the retained 2024 CRISS Expungement/Removal Request Form, deferred-imposition request type only. Enclose the deferred sentence order and dismissal order; request certified judgment copies and include valid photo identification by default under the adopted fail-closed attachment treatment. Do not select misdemeanor expungement, marijuana expungement, or non-conviction removal.

CRISS mailing destination from the held form: CRISS Expungement, 2225 11th Ave., PO Box 201403, Helena, MT 59620. Questions: 406-444-3625. The form says to allow 30 days for processing and that CRISS supplies a confirmation letter. Preserve mailing proof, copies and the response.

VERIFY BOTH SYSTEMS: after the order and DOJ processing, check both Montana Public Access Portals and obtain a fresh CRISS criminal history record. Verify the case is sealed and treated as confidential criminal justice information; if it remains public or the DOJ charge remains, contact the relevant clerk/CRISS and obtain legal help as needed. Sealing is not destruction or a promise about permission to deny a charge.

SELF-HELP STOPS: A petition to revoke was filed, which defeats the felony limb and complicates the misdemeanour limb. The sentence was suspended rather than deferred. The participant is seeking early termination rather than post-completion dismissal. Any dispute about whether the conditions were completed or the deferral period expired. The clerk reports a court-specific procedure or a different local form. Any noncitizen participant. A dismissal after deferred imposition may still be a conviction for immigration purposes, and this is a hard stop. Any question about whether the participant may now deny the charge.

REVIEW ARTIFACT LIMIT: these fixtures contain synthetic facts and example contact details. The court documents and instructions are drafted, and the required DOJ source-derived form is supplied separately for use only after the court order. Do not file these synthetic review fixtures.

Required completion before service certificate filing: Printed name of actual server. The server is not assumed to be the defendant.

RELEASE NOTES RETAINED: local procedure/fee, DOJ 2023-versus-2024 attachment practice, supporting-process asset-role mismatch, and denial-of-charge legal effect remain the adopted release blockers. No source-index reclassification or commercial authority is created.

PARTICIPANT INSTRUCTIONS - RETAINED AGENCY ACCESS

This record is sealed and treated as confidential criminal justice information. Agencies listed in MCA 44-5-103 retain access to the sealed record in its entirety. DOJ specifically identifies law enforcement, including the military and Border Patrol. Sealing does not destroy or erase the record and does not establish permission to deny the charge.
