

Helping a participant through an MVLP clinic

MVLP decides who it can help and its attorneys give the legal advice. The screens keep the work organized. Your job is to help the person move through the steps below, ask rather than guess, and hand the right questions to the right MVLP reviewer.

HOW A CLINIC RUNS

Registration is not acceptance. MVLP's program decision is not a ruling on legal eligibility. A prepared document is not filed or granted until those steps really happen.

DO

- **Start on the MVLP page** (legaleasepartner.com/p/mvlp): **Register for a clinic**, or **Continue my application** for a return visit.
- Let the participant sign in with **their own** account. Help them type if they ask; the answers and signatures are theirs.
- Use **I don't know this amount** when a money answer is unknown. A blank is not zero.
- Explain the **Protected information** step: the Social Security number is stored encrypted, shown masked, and only the MVLP attorney or coordinator can reveal it, with the reason recorded.
- Point to **Saved** at the top of the application: they can stop and come back.
- At **Review and sign**, the participant reads each statement and chooses **Sign this statement**, then **Submit my application**.
- Before they leave, show them their next steps at **Continue my application** and who to contact.
- Sign the participant out of a shared device, then sign out of your own staff account.

DO NOT

- Do not create an application under your staff login, and never sign for the participant.
- Do not answer questions about income, citizenship, an existing attorney, or legal eligibility. Send them to the program reviewer or attorney through the coordinator.
- Do not tell someone they are accepted, or that a document is filed, because a screen was printed. The screen shows the real status.
- Do not write financial details or the protected number into messages, notes, or email.
- Do not create a second account or change an answer to get past a screen. Ask the coordinator.
- Do not share staff links, invitations, or passwords.

WHO DOES WHAT

Role on the screen	What they see and do
Intake volunteer	Sees the application; helps identify missing information; cannot reveal the protected number or record a decision.
Program reviewer	Records MVLP's Program eligibility decision with a reason.
Attorney	Takes the assignment, reviews the matter, prepares the Court documents , prints the unsigned copy.
Notary	Sees only Notarization ; uploads the signed copy and records it received.
Follow-up volunteer	Adds Participant next steps and uses Contact the participant .

Questions on clinic day: the coordinator named in your briefing. General MVLP contact: 601-960-9577 · mvlp@mvlp.org. Application technology provided by LegalEase.
