ELIGIBILITY RECORD

Complete every applicable item from your own records. These are the exact generation questions in the committed route contract.

Item 1. Which court handled the case, and in which county? A separate filing is needed in each county where you have a case.

.....
.....

Item 2. What is the docket or case number?

.....
.....

Item 3. What was the charge, and exactly how did the case end?

.....
.....

Item 4. On what date did the case end?

.....
.....

Item 5. What is the state control number on your TBI criminal history? The expunction order cannot be completed without it.

.....
.....

Item 6. List every other conviction you have anywhere, including federal and out-of-state.

.....
.....

Item 7. Are you asking about this because of immigration, federal employment or a security clearance? Tennessee expunction does not reach federal records.

.....
.....

Item 8. What is the exact T.C.A. section you were convicted under? The offence name and class are not

enough - Tennessee's eligible lists are section by section.

.....
.....

Item 9. On what date was the offence committed? This matters independently of the conviction date, because a 2026 change applies only to offences committed on or after 1 July 2026.

.....
.....

Item 10. Did the conviction occur on or after 1 November 1989?

.....
.....

Item 11. On what date did you finish the entire sentence - including any imprisonment or probation, all release conditions, and every fine, restitution amount, court cost and other assessment?

.....
.....

Item 12. Is every fine, restitution amount, court cost and other assessment paid in full? Anything outstanding means the sentence is not complete and the clock has not started.

.....
.....

Item 13. Have you ever had a conviction expunged in Tennessee before under T.C.A. Sec. 40-32-107(a), (b), (c) or (e)? This route is available once in a lifetime and a previous grant under (a), (b) or (c) closes it. A grant under (e) is recorded because the statute is asymmetric on the point, and no bar is applied against you that the subsection does not state.

.....
.....

Item 14. Did you hold a commercial driver licence at the time, and did the offence involve a controlled substance or a commercial motor vehicle?

.....
.....

Item 15. Did your sentence require a period free from dependency on or abuse of alcohol or a controlled substance? If so, have you met at least one year of it?

.....
.....

Item 16. How many offences are you asking to clear? The limit is two.

.....
.....

Item 17. Are the two offences both misdemeanours, or one felony and one misdemeanour? Two felonies

cannot be done on this route.

.....
.....

Item 18. Did the offences happen at the same time and place as part of one continuous incident with a single intent? If so they may count as one, leaving your second slot open.

.....
.....

Item 19. This pathway can be used once in your life. Do you have any other conviction that might become eligible later? Using it now closes the door on that.

.....
.....

Item 20. Have you received a pardon from the Governor for this conviction? If you have, a different route may reach it even where this one cannot.

.....
.....

Item 21. If a DUI conviction is what is standing in the way: have you successfully completed a certified recovery court programme, and did the offence you want cleared happen at least ten years after that DUI conviction?

.....
.....

PROCESS AND EXPECTATION INSTRUCTIONS - EXPUNGE UP TO TWO OFFENCES, ONCE IN YOUR LIFE

This page is for Jordan Avery Reyes.

WHAT THIS SET OF PAPERS IS

Expunction of up to two offences, T.C.A. Sec. 40-32-107(b) with procedure at Sec. 40-32-108.

Read at source on 2026-08-06. Section 40-32-107(b) defines an eligible petitioner as a person seeking expunction of no more than two offences. Each offence must be eligible under Sec. 40-32-107(a)(1) and must have occurred prior to any conviction for an expunction-ineligible offence, including ineligible federal and other-state convictions. The permitted combinations are exhaustive: two misdemeanours, or one felony and one misdemeanour. Two felonies are not available on this route. At filing there must be five years since completion of sentence for any misdemeanour or Class E felony being expunged and ten years for any Class C or Class D felony being expunged, every sentence requirement must be fulfilled for each offence, and the person must not previously have been granted expunction under subsection (a), this subsection (b) or subsection (c). Subsection (b)(2) provides a single-episode merger mirroring (a)(1)(F): contemporaneous same-location single-intent convictions count as a single offence for the purposes of the two-offence limit, so one episode does not consume both slots. Subsection (b)(3) directs the petitioner to Sec. 40-32-108, so the same DA-prepared petition procedure applies. The reciprocal bars across (a), (b) and (c) are lifetime, which is why using this pathway forecloses a later second use and makes the timing decision consequential.

WHERE IT GOES

The office of the district attorney general for the judicial district of the convicting court
Section 40-32-108(e) requires the petition and proposed order to be prepared by the district attorney general's office and given to the petitioner to be filed with the clerk. Both the Tennessee AOC and the TBI direct participants to request a conviction expungement packet from that office. LegalEase generates the participant's request and eligibility record; it does not generate the petition or the order, because those are prosecutor and court instruments.

Venue: Statewide statute with originating-court venue and prosecutor-office routing. The request goes to the office of the district attorney general for the judicial district of the convicting court, because Sec. 40-32-108(e) makes that office the preparer of the petition. The petition, once prepared, is filed by the petitioner with the clerk of the convicting court under Sec. 40-32-108(a). A person with convictions in several judicial districts deals with each separately.

WHAT IT COSTS, AND WHETHER A WAIVER EXISTS

Fee as recorded: A clerk's fee applies. Section 40-32-108(a) provides that a person applying for expunction of records under the section must be charged the appropriate court clerk's fee pursuant to T.C.A. Sec. 8-21-401. The amount is set by Sec. 8-21-401, whose current text sits in the licensed code and could not be retrieved from an official Tennessee source on 2026-08-06, so no figure is quoted. The widely circulated \$180 figure appears only on a superseded AOC-hosted page and appears nowhere in the

enacted text of Public Chapter 268. Public Chapter 719 did not change any fee provision. Fee waiver as recorded: No indigency or fee-waiver provision appears anywhere in the reorganized Sec. Sec. 40-32-106 through 40-32-110. None is asserted.

WHO MUST BE SERVED

Service as recorded: Through the clerk. The participant does not effect service. Notice as recorded: The clerk serves the petition on the district attorney general, who may submit recommendations within 60 days with a copy to the petitioner, and who may file evidence under seal which is confidential and not a public record. The court may not order sooner than 61 days after service.

WHAT THE RECORD SAYS YOU MUST KNOW

- Where the eligibility requirements are satisfied there is a rebuttable presumption that the petition should be granted, which shifts the practical burden to the district attorney general to object. Public Chapter 719, effective 2026-04-14, rewrote T.C.A. Sec. 40-32-108(d)(2) and preserved that presumption for petitioners eligible under Sec. 40-32-107(a)(1)(A) to (E), while providing that the court weighs the interest of the petitioner against the best interests of justice and public safety. The packet may describe the presumption; it may not state that the petition will be granted.
- Confirm the statutory citation with the county clerk or district attorney general before every filing. Chapter 32 was reorganized by Public Chapter 268 of 2025, effective 2025-04-24, and codified by Public Chapter 608, the 2026 Code Bill, effective 2026-03-25. Clerks and published guidance may still use the pre-reorganization numbering: the Tennessee AOC's own expunction page is titled to say updated information is coming to reflect changes to T.C.A. Sec. 40-32-101 and still reasons from that section, which since 2025-04-24 has been nothing but a definitions section. A generated petition citing the wrong section is a rejection risk either way, so the packet is built to carry the current citation with the superseded one noted, and instructs the participant to confirm before filing.
- Routing added by the integrated Tennessee 2026 route inventory decision, without any change to this route's own eligibility rules. A participant refused here because the conviction is outside the Sec. 40-32-107(a)(1) lists but who holds a gubernatorial pardon is evaluated under `tn_post_pardon`. A participant refused here only by the Sec. 40-32-107(a)(3)(A) predating condition because of a DUI conviction, who completed a certified recovery court programme with a ten-year interval, is evaluated under `tn_recovery_court`. The exclusion list is unchanged in both cases.

WHEN TO STOP AND GET HELP INSTEAD OF FILING

- Any dispute with the district attorney general about eligibility, or any indication the office will oppose.
- Any other conviction anywhere on the record, including federal and out-of-state convictions that would be ineligible in Tennessee.
- Unpaid court costs, fines or restitution, which mean the sentence is not complete.
- Any DUI, sexual offence or registration matter.
- Any domestic violence or child-victim offence.
- Federal, military, tribal or out-of-state records, which Tennessee expunction does not reach.
- Immigration consequences, and any security-clearance question.
- Any question that turns on whether the county clerk uses the pre-2025 or the reorganized section

numbering.

- Any felony, or any borderline Class C, D or E offence whose exact section cannot be matched against the current eligible list.
- Any other conviction anywhere on the record. The no-other-conviction requirement reaches federal and out-of-state offences that would be ineligible in Tennessee.
- Any unpaid court costs, fines or restitution.
- The district attorney general's office declines to prepare the petition, or indicates it will oppose.
- A previous expunction was granted under Sec. 40-32-107(a), (b) or (c), which closes the route for life.
- The strategic question of whether to use the one lifetime opportunity now or wait for a third conviction to become eligible. That is advice rather than form-filling and it belongs with a lawyer.
- Whether two convictions arose from a single criminal episode, which decides whether the participant is spending one slot or two.
- The participant is refused here but holds a gubernatorial pardon, or is refused only by the DUI predating condition and has completed a certified recovery court programme. Rather than stopping, the participant is routed to tn_post_pardon or tn_recovery_court respectively before any no-relief answer is given.
- Mapping the offence to its exact T.C.A. section and checking it against the current eligible list is not something an offence label or class can settle. The eligible lists at T.C.A. Sec. 40-32-107(a)(1) are enumerated section by section - Class C, Class D and Class E felony lists and a misdemeanour category with a long exclusion list - and the legislature has expanded them repeatedly, most recently by Public Chapter 930. The packet checks the current list rather than assuming, and any borderline offence goes to review.
- The two-offence pathway is once per lifetime, and the reciprocal bars across Sec. 40-32-107(a), (b) and (c) mean a single earlier grant closes it. A participant with two eligible offences now and a third that becomes eligible later should be told that using it now closes the door.
- Under T.C.A. Sec. 40-32-108(e) the petition and proposed order must be prepared by the office of the district attorney general and given to the petitioner to be filed with the clerk of the court. The petition is therefore a prosecutor instrument, and LegalEase does not generate it. What LegalEase generates is the participant's own written request to the district attorney general's office for the conviction-expunction packet, with the supporting eligibility record. Both the Tennessee AOC and the TBI direct participants to request a conviction expungement packet from the district attorney's office, which is the practical face of that provision.

ALTERNATIVE ROUTE SCREENING - EXPUNGE UP TO TWO OFFENCES, ONCE IN YOUR LIFE

This page is for Jordan Avery Reyes.

WHAT THIS COMPONENT COVERS

This is the alternative route screening component prescribed by the committed route contract.

ROUTE AND SCOPE DIRECTIONS

- Expunction is not automatic. A dismissed charge or a completed diversion stays on background checks until a petition is filed. This is the most common Tennessee misunderstanding and the packet leads with it.
- No reach to federal records; a diversion guilty plea may remain visible on clearance checks.
- Any dispute with the district attorney general about eligibility, or any indication the office will oppose.
- Any other conviction anywhere on the record, including federal and out-of-state convictions that would be ineligible in Tennessee.
- Unpaid court costs, fines or restitution, which mean the sentence is not complete.
- Any DUI, sexual offence or registration matter.
- Any domestic violence or child-victim offence.
- Federal, military, tribal or out-of-state records, which Tennessee expunction does not reach.
- Immigration consequences, and any security-clearance question.
- Any question that turns on whether the county clerk uses the pre-2025 or the reorganized section numbering.
- Any felony, or any borderline Class C, D or E offence whose exact section cannot be matched against the current eligible list.
- Any other conviction anywhere on the record. The no-other-conviction requirement reaches federal and out-of-state offences that would be ineligible in Tennessee.
- Any unpaid court costs, fines or restitution.
- The district attorney general's office declines to prepare the petition, or indicates it will oppose.
- A previous expunction was granted under Sec. 40-32-107(a), (b) or (c), which closes the route for life.
- The strategic question of whether to use the one lifetime opportunity now or wait for a third conviction to become eligible. That is advice rather than form-filling and it belongs with a lawyer.
- Whether two convictions arose from a single criminal episode, which decides whether the participant is spending one slot or two.
- The participant is refused here but holds a gubernatorial pardon, or is refused only by the DUI predating condition and has completed a certified recovery court programme. Rather than stopping, the participant is routed to tn_post_pardon or tn_recovery_court respectively before any no-relief answer is given.
