[DISTRICT ATTORNEY GENERAL'S OFFICE MAILING ADDRESS – SENDER CONFIRMS WITH THAT OFFICE]

RE: Request under T.C.A. § 40-32-108(e) that your office prepare a petition for expunction of a pardoned conviction under T.C.A. § 40-32-107(d)

To the Office of the District Attorney General for the judicial district named on the sender's own judgment (synthetic sample district):

My name is JOHN DOE. I am writing to ask your office to prepare a petition for expunction and a proposed order under T.C.A. § 40-32-108(e), so that I can then file them with the clerk of the convicting court under T.C.A. § 40-32-108(a). I am not asking your office to reach any conclusion for me. I am asking it to prepare the instruments the statute assigns to it, and I set out below the facts I rely on so that your office can make its own determination.

The conviction is in the court named on the sender's own judgment (synthetic sample court), in the judicial district named on the sender's own judgment (synthetic sample district). The case number as I read it from my own record is the case number shown on the sender's own judgment (synthetic sample answer). The offence and the exact statutory section as they appear on the judgment are: the offence and section exactly as they appear on the judgment (synthetic sample answer). My state control number is [STATE CONTROL NUMBER – SENDER READS IT FROM THEIR OWN CRIMINAL HISTORY AND ENTERS IT HERE BEFORE SENDING].

I rely on T.C.A. § 40-32-107(d). Its three requirements are cumulative: that the judge find the conviction was not for one of the seven felonies the subsection enumerates, or an attempt, conspiracy, facilitation or solicitation to commit one of them; that I petitioned for and received a positive vote of the board of parole to receive a pardon; and that I received a pardon from the Governor. My own answers are: on the board of parole vote – the board voted positively to recommend that I receive a pardon (synthetic sample answer); on the pardon – I received a pardon from the Governor (synthetic sample answer); on the enumerated felonies and their inchoate forms – to the best of my knowledge my conviction is not for any of the seven enumerated felonies, and not for an attempt, conspiracy, facilitation or solicitation to commit one of them (synthetic sample answer); and on registration as a sexual offender or violent sexual offender – I am not required to register as a sexual offender or violent sexual offender (synthetic sample answer).

I record two things I do not assert. First, subsection (d) states no waiting period, no sentence-completion checklist, no prior-expunction bar and no requirement that the offence predate a conviction for an ineligible offence, and I do not import any of those conditions from a neighbouring subsection. My answer on any earlier grant of expunction, recorded for completeness rather than as a concession that it bars me, is: I have not previously been granted expunction (synthetic sample answer). Second, I make no argument about whether the offence was violent. I understand that since the 2026 amendment that is a factor the court weighs on the merits rather than a bar, and that a subsection (d) petitioner receives no rebuttable presumption. What I wish the court to know about the offence, in my own words, is: my own account of the offence and of what has changed

since (synthetic sample participant narrative).

I understand that once your office prepares the petition and the proposed order, I file them with the clerk of the convicting court and pay the appropriate clerk's fee, and that the clerk then serves the petition on your office. I understand that this letter is not the petition, that it starts no statutory clock, and that nothing in it binds your office to my reading of my own record. Please send your written response to my mailing address shown at the top of this letter.
