OKLAHOMA TRAFFICKING-SURVIVOR RELIEF PETITION UNDER Sec. 19C

A. WHAT THE COMMITTED RECORD ESTABLISHES ABOUT THIS ROUTE

This petition is brought on the route the committed route contract records as "Human-trafficking survivor relief", under 22 O.S. Sec. 19c.

The compiled Oklahoma profile records the substance of this route as follows. Oklahoma has a trafficking-survivor pathway under 22 O.S. 19c for prostitution-related records when the offense was committed as a result of the person being a victim of human trafficking. Relief can be by court motion or petition, and it is narrower than general expungement but can avoid some ordinary timing/prior-record barriers. ("<https://ccresourcecenter.org/state-restoration-profiles/oklahoma-restoration-of-rights-pardon-expungement-sealing/>")

The committed contract records the timing of this route as: event and nexus based; no elapsed wait applies.

The committed contract records these conditions on the route: Current Oklahoma law effective July 1, 2026; Exact remedy, offense class, disposition, completion, and operational availability; Excluded offenses and clean-record rules apply.

The relayed research record states the limits of this section. On the court's own motion, or on the defendant's petition, the court may grant expungement for good cause for a prostitution-related charge or conviction resulting from human trafficking. An order under section 19c seals the identified records from public access but does not make them unavailable to law enforcement, and the order identifies section 19c. It does not cover every offense simply because trafficking occurred, relief is not automatic, and it vacates no conviction.

Title 22 Sec. 4A defines "court" as the Oklahoma district court unless a contrary intention appears, so this petition is addressed to a district court. The recorded ordinary venue is the district court for the district or county holding the relevant arrest information; the petitioner supplies that county in item C1 below.

B. THE PETITIONER

Name: Maria-Alejandra O'Shaughnessy-Whitfield

Date of birth: 1968-12-31

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below identifies this section 19c matter. Fill the court-record items from the existing court file, and fill the causal, good-cause, requested-relief, evidence-identification and agency items only with legal aid or an attorney. Do not write a survivor narrative on this petition.

[C1 - existing court and county] The Oklahoma court and county where the prostitution-related case was filed.

.....
.....

[C2 - existing case number] The case number of that prostitution-related case.

.....
.....

[C3 - prostitution-related offense] The exact prostitution-related offense or charge, including the count and statute if the court record states them.

.....
.....

[C4 - disposition and date] The disposition of that offense or charge, and the date the court entered it.

.....
.....

[C5 - trafficking and causal connection] The statement legal aid or an attorney advises that the identified offense was committed as a result of the petitioner being a victim of human trafficking. State only the connection counsel advises stating. Do not write an account of what was done to you.

trafficking or attach a survivor narrative here.

.....
.....

[C9 - persons and agencies to be notified] The prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other person or agency the court should notify, as counsel or the court clerk identifies them for this record.

.....
.....

D. THE REQUEST

The petitioner asks the Court to grant, for good cause under 22 O.S. Sec. 19c, the relief identified in item C7 for the prostitution-related record identified in items C1 to C4, on the connection stated in item C5, the grounds stated in item C6, and the evidence identified in item C8 and submitted as counsel advises.

The petitioner asks the Court to set this matter for hearing and to provide the notice 22 O.S. Sec. 19 requires to the persons and agencies listed in item C9. The petitioner gives no notice and certifies none; the court arranges the notice.

The petitioner does not ask the Court to vacate any conviction. An order under section 19c seals records from public access but does not make them unavailable to law enforcement. A proposed order under section 19c is submitted with this petition.

WHAT THIS ROUTE IS, AND WHO RUNS IT

The committed route contract records this route as "Human-trafficking survivor relief", under 22 O.S. Sec. 19c, with outcome mode "participant_packet".

What this route asks for: This route asks an Oklahoma district court to expunge specified prostitution-related records connected to human trafficking. It does not cover every offense simply because trafficking occurred, and relief is not automatic. The court must arrange the required agency notice and decides the request. An order under this route seals records from public access but does not make them unavailable to law enforcement.

The committed contract names the packet components for this route as: Petition under Sec. 19c; Trafficking nexus evidence. This packet composes the filing pages; anything on that list that is a RECORD rather than a pleading is a document you obtain and file with the petition.

The relayed research record names the drafting components of a section 19c filing: the identified records and offenses, your trafficking and causal facts, the good-cause grounds, the list of persons and agencies to be notified, the supporting evidence, and a proposed order under section 19c. Those are proposed drafting components, not an official statewide form inventory; no record this packet binds names an official Oklahoma form for this route.

Who runs it: The participant petitions, or the court acts on its own motion, and the court decides. The compiled profile records something before that, which is the first thing this packet says: "Oklahoma has a special expungement pathway for certain prostitution-related records connected to human trafficking victimization. That should be routed to legal aid or an attorney because the petition needs sensitive facts and supporting proof."

How current this is: the statutory record carried here was read on 6 September 2026 through a relayed research record. Counsel has not confirmed that no later enactment has changed section 19c or section 19, so check that before you rely on any of it.

WHERE THIS IS FILED

The destination is an Oklahoma district court. Title 22 Sec. 4A defines "court" as the district court unless a contrary intention appears, and the petition is filed in the district court for the district or county holding the relevant arrest information.

That venue reading follows the structure of Sec. 19(A), while Sec. 19c incorporates Sec. 19(B) to Sec. 19(M) rather than Sec. 19(A). It is therefore a reading of the combined statutes and not a quotation from Sec. 19c.

You supply the county, from your own court record. If the record began in a municipal court, if it spans more than one county, or if the docketing is disputed, ask the court clerk or counsel to confirm the district filing and the case type for your exact record before you file.

WHAT YOU DO

- Read the stop conditions before anything else.
- Take this draft to legal aid or an attorney before completing it. The bound compiled pathway directs every trafficking-survivor matter there because the petition needs sensitive facts and supporting proof.
- If counsel advises you to go on, copy the existing court, county, case number, prostitution-related offense and disposition from the court file. Do not answer those items from memory.
- Complete the causal, good-cause, requested-relief and evidence-identification items only as counsel advises. Identify the evidence without writing an account of what happened to you on this petition.
- List in item C9 the persons and agencies the court is asked to notify, so the court can direct its own notice.
- Obtain the trafficking nexus evidence the committed contract names as a component of this packet, and submit it only as counsel advises. If any of it is sensitive, ask the clerk or counsel which protected-filing mechanism applies before it is filed.
- Complete the proposed order so it matches the petition, and file it with the petition. The Court signs it, or does not.

WHAT YOU DO NOT DO

- Do not write an account of what was done to you on any page of this packet. Nothing here asks for one, and the compiled record's own instruction is that this route goes to legal aid or an attorney.
- Do not file anything before you have thought about what becomes public when you do. A court file is a public record unless something makes it otherwise, and nothing in this packet makes it otherwise.
- Do not assume the whole of the ordinary Title 22 section 18 and section 19 expungement rules applies. Section 19c incorporates section 19(B) to section 19(M), and the compiled profile records this route as NARROWER than general expungement, while noting it can avoid some ordinary timing and prior-record barriers.
- Do not promise yourself a closed hearing or a confidential petition. Nothing in this packet provides either, and the subject matter alone does not make a court file private.
- Do not rely on the 2026 proposal House Bill 3835. It is not enacted: its official history records passage in the House and referral to a Senate committee, and its last published version is engrossed. Its proposals - broader coverage, no good cause, a mandated fee waiver, closed hearings, and changed proof and relief rules - are not law, and the future effective date printed on it is not evidence of enactment.

WHAT IT COSTS, AND WHETHER A WAIVER EXISTS

Fees are kept separately sourced on this route. The Oklahoma State Bureau of Investigation distinguishes

its own arrest-record processing charge from court-record processing; that distinction is about OSBI's charges and establishes no universal \$0 clerk filing fee. No record this packet binds states a route-specific fee waiver, and none is claimed here.

Ask the office of the court clerk of the Oklahoma district court where you file what it charges for this filing and whether it accepts a fee-waiver application. Ask before you go, because a filing you cannot pay for is a filing you cannot make.

WHO IS NOTIFIED, AND WHO ARRANGES IT

The court arranges the notice; you do not serve it. Under 22 O.S. Sec. 19 as amended by the enacted 2026 Senate Bill 2030, the notice provision is subsection B: the court sets the hearing and provides 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and other relevant persons or agencies.

You list those persons and agencies in item C9 so the court can direct the notice to them. Ask the court clerk how the court-directed notice is carried out in that district. Never certify that notice has been given before it has been given; nothing in this packet certifies notice.

WHEN TO STOP AND GET HELP INSTEAD

- this is the first thing the committed record says about this route: Oklahoma has a special expungement pathway for certain prostitution-related records connected to human trafficking victimization. That should be routed to legal aid or an attorney because the petition needs sensitive facts and supporting proof.
- the facts that establish the connection are yours to tell and yours alone. No page in this packet asks for an account of what was done to you, and nothing here should be written out for anyone who has not been engaged to act for you;
- your own safety is in question, now or once a filing becomes a public court record;
- there are other counts on the same case, or other cases - the bound compiled pathway does not explain how section 19c applies to them;
- any immigration question is involved.
