

Arkansas Drug Court Sealing — Stage 1 Process Guidance

Prepared for Jordan Avery Reyes; case 24-CR-001234.

Selected packet posture: pre-adjudication. The participant must confirm this answer from the case record before using the attached ACIC pair.

Stage 1 is guidance only. Drug-court admission, any prosecutor concurrence, and program completion occur before this packet. The packet does not enroll anyone, negotiate concurrence, or decide whether completion occurred.

Stage 2 begins after completion. This assembly places the applicable official ACIC petition first and its matching proposed order second. Do not mix the pre-adjudication petition with the post-adjudication order, or the reverse.

Before filing: obtain a fingerprint card; obtain and check the Arkansas criminal history when the records step applies; confirm the court, county, charge, completion date, and pre/post posture; complete every classified blank; and sign/date the petition yourself.

Destination: the underlying criminal court. Service in the committed track: serve the prosecuting attorney within three days after filing; the track records a 30-day objection window. Stop for Arkansas legal help if an objection or contested hearing occurs.

Petition elections — mark exactly one in each pair, from your case record:

Offense level (exact printed branches): "A Class _____ ☐ felony or A Class _____ ☐ misdemeanor".

Pending felony branch (exact printed pre-adjudication petition wording): "The Defendant has no pending felony charge in any state or federal court; or The Defendant has one or more pending felony charge in state or federal court and the status of that/those charges is/are as follows".

The six checkbox controls on the proposed order are court acts; leave them blank. The FURTHER paragraph is conditional on a separate prior offense: do not prefill the participant name or decide that condition here.

Fee and notarization: the committed route says the source review does not state a filing fee, fee-waiver procedure, or notarization requirement, while its review flags preserve conflicts on those points. Confirm those items with the filing court before signing or filing; this packet does not invent an answer.

Self-help also stops if program completion is uncertain, prosecutor concurrence requires negotiation, or immigration, licensing, or firearm consequences are involved.
