SYNTHETIC QA EXAMPLE - DO NOT FILE

This packet uses the actual two-page AOC-497.2 petition, Rev. 7-20. The charge and agency schedule is a filing attachment. Keep these instruction pages; do not file them.

The optional two-page AOC-497 proposed order is included because you confirmed that the local clerk expects one. Its findings, grant/denial, date, judge signature and agency certification remain blank. It is not an entered court order.

One petition is required for each criminal case. Compare every charge, count, classification, disposition and date in the schedule to the actual case record. Different charges can support different checkboxes. Check only the predicates established by the listed charges, not all boxes merely because they are printed.

Get the acquittal/dismissal order or District Court grand-jury-hold order from the Circuit Court Clerk. For a missing indictment, check both the indictment and information status. An unresolved or ambiguous dismissal is not a dismissal with prejudice.

AOC-497.2 / Defendants SSN: Social Security number is not held. Ask the clerk how to provide it securely and whether the filing copy must be redacted. Complete the required identifier privately; do not use a made-up number.

AOC-497.2 / Participant signature/date and notary or clerk jurat: Sign and date personally before the notary or Circuit Court Clerk; the witness completes the jurat. No execution has occurred.

AOC-497 / ssn: Social Security number is not held. Ask the clerk how to provide it securely and whether the filing copy must be redacted. Complete the required identifier privately; do not use a made-up number.

Do not sign in advance. Take the complete petition and its charge/agency attachment to a notary or the Circuit Court Clerk and sign and date in that person's presence. The witness completes the notary/clerk block. The software has not performed a notarization or signing.

Leave the For Clerk Use Only certificate on petition page 2 blank. Leave every finding, grant/denial box, judge/date line and agency certification on any proposed order blank. Never sign or certify for another actor.

Personal identifiers may need confidential or redacted handling. Ask the clerk how to supply your SSN and whether the filing copy needs redaction before making copies or mailing. Keep accurate private records; do not put a made-up SSN on a petition.

SYNTHETIC QA EXAMPLE - DO NOT FILE

Filing destination: Office of Circuit Court Clerk for Fayette County, District Court. 150 N. Limestone, First Floor, Lexington, KY 40507 Clerk telephone: 859-246-2228

For acquittal or dismissal, use the court that entered the disposition. For failure to indict, use the District Court where the felony charge was originally filed. Confirm the court, division, number of copies and mail instructions with that clerk. Do not send a petition to the AOC certification office or the county recording clerk.

Filing fee: \$0. No expungement eligibility certification and no certification payment are required for this KRS 431.076 nonconviction petition. A fee-waiver motion is unnecessary for a free filing. If asked to pay a conviction fee, identify KRS 431.076 and the Kentucky Department of Public Advocacy nonconviction guidance and ask the clerk to check the fee classification.

Keep a complete copy, file the witnessed petition with all its filing attachments, and request a filed/stamped copy or receipt. In-person filing or mailing to the proper clerk is available; confirm delivery and postage locally. Do not assume general email submission is accepted. Any copy, mailing or optional notary expense is separate from the zero filing fee.

SERVICE / NO INDICTMENT: ask the clerk to send the petition to BOTH the county attorney and Commonwealth's attorney offices that prosecuted the case. The clerk handles the certificate; you do not pre-certify service. Keep the filing date. A response is due within 90 days after filing. With no response, the statute directs dismissal and expungement after that period; with a response, the statutory 90-day period runs from the response, and the no-indictment condition must still hold. A filed petition is not proof of expungement.

A qualifying post-July 15, 2020 acquittal or all-charge dismissal with prejudice may already have been automatically expunged after 30 days. Verify whether that occurred before making an unnecessary petition. A petition fallback under this form waits at least 60 days; the automatic 30-day point does not shorten that printed petition requirement.

Keep every notice and attend any required hearing. If the prosecutor contests the facts, an indictment/information appears, prejudice status or a plea bargain is disputed, or the court requires briefing, stop the automated self-help path and promptly obtain legal assistance. Do not ignore a hearing or response deadline.

After an order is entered, each ordered agency must certify compliance to the court within 60 days. Ask the clerk whether the certifications arrived. Check the actual court and agency records; a proposed order or filed petition is not an expungement. Keep the order and prior case records securely.

This statute does not clear Department for Community Based Services records. Appellate-record sealing, immigration consequences and disputes about what records must be cleared need individualized legal help.
