

CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

If the free route does not reach you, the rest of this packet is for the route named at the foot of this page: Clear an Oklahoma record that is not yours.

PETITION - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

IN THE COURT

(Oklahoma district court for the county where the arrest information is located - see the filing instructions in this packet)

IN RE: Maria-Alejandra O'Shaughnessy-Whitfield,
PETITIONER.

Case number, if the court assigns one at filing:

.....

PETITION TO EXPUNGE AN IDENTITY THEFT OR WRONG-PERSON RECORD (22 O.S. Sec. 18
IDENTITY-THEFT CATEGORY, WITH Sec. 19A)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

Where a record was created in the participant's name through identity theft, or otherwise identifies the wrong person, the section 18 identity-theft category with section 19a provides the route. The review classifies this as custom_pleading and approves it with limitations. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

B. THE PETITIONER

Date of birth: 1968-12-31

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - ide full legal name] What is your full legal name, and have you used any other names?

.....
.....

[C2 - ide date of birth] What is your date of birth?

.....
.....

[C3 - ide county] In which Oklahoma county is the arrest information located?

(Asked because venue is the district court in the county where the arrest information is located, and because multiple arrests in the same county may be combined in one petition while separate counties need separate petitions.)

.....
.....

[C4 - ide case number] What is the district court case number, and what was the arresting agency?

.....
.....

[C5 - ide offence description] Describe the offence in the words used on the record, rather than by any category number.

(Asked because three consecutive years of amendments and renumbering have made the category paragraph numbers unstable, so the screen runs on the description.)

.....
.....

[C6 - ide disposition and date] How did the case end, and on what date?

.....
.....

[C7 - ide same county arrests] What other arrests do you have in that same county?

(Asked because same-county arrests may be combined in one petition, which saves the participant filings.)

.....
.....

[C8 - ide prior record] What other convictions or pending charges do you have, anywhere?

.....
.....

[C9 - ide restitution] Have you paid all fines, costs and restitution on the case?

.....
.....

[C10 - ide tribal record] Was the case handled in a tribal court, or does a tribal record exist for the same

events?

(Asked because Oklahoma orders do not reach tribal records and the review records tribal records as a live post-McGirt issue requiring explicit escalation.)

.....
.....

[C11 - ide free route checked] Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

(Asked first and deliberately, because SB 2030 provides for sealing of certain records without petition and the review's central warning is that a paid petition must not be generated for someone entitled to a free route.)

.....
.....

[C12 - ide arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

.....
.....

[C13 - idt how misidentified] How did your name come to be on this record, and when did you find out?

.....
.....

RECORDS CHECKLIST - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE RECORDS YOU MUST HAVE IN FRONT OF YOU

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

[] Certified court record and disposition

Who holds it: The district court clerk in the county where the case was filed.

How to obtain it: Ask the district court clerk for the certified docket and the order or judgment showing how the case ended. The category screen runs on the offence description and the disposition, both of which come from this record.

Requirement: required; required BEFORE filing.

[] OSBI criminal history record

Who holds it: Oklahoma State Bureau of Investigation.

How to obtain it: Request a criminal history record from OSBI. It establishes what the state holds, which arrests exist in the county and whether anything has already been sealed under Clean Slate.

Requirement: required; not required before filing, but the registry records it as required.

WHAT THESE RECORDS DECIDE

The registry records that the category screen for this route runs on the offence DESCRIPTION and the disposition, not on a category paragraph number: three consecutive years of amendments have made the numbering unstable. Both the description and the disposition come from the certified court record. Copy them as that record words them.

This page is a checklist. It is not filed with the court and it asserts nothing about your case.

WHAT THIS COSTS - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS COSTS, AND WHETHER A WAIVER EXISTS

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

THE FEE, AS RECORDED

The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question.

THE WAIVER, AS RECORDED

Not established. The district court filing fee position is an open question.

WHAT YOU DO ABOUT IT, AS RECORDED

Payment of the \$150 OSBI processing fee for an arrest-record expungement, by cashier's check or money order - Sent to OSBI, not to the court. OSBI does not accept personal checks, and the court-record expungement is free while the arrest-record one is not. LegalEase does not handle payment.

WHAT THIS PACKET DOES NOT TELL YOU

It does not tell you the district court filing fee. The registry records that fee as not established and as an open question, and it records no waiver position for it. Ask the district court clerk in the county where you file, before you go, and ask in the same call whether that court has any fee-waiver route. A filing you cannot pay for is a filing you cannot make.

LegalEase does not handle any payment on this route.

THE HEARING AND THE NOTICE - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE HEARING, THE NOTICE AND WHO IS TOLD

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

WHERE THIS GOES

Oklahoma district court for the county where the arrest information is located.

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

THE NOTICE, AS RECORDED

The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

SERVICE, AS RECORDED

By the court's notice. The proposed order must identify every agency to which it applies.

WHAT YOU DO

- File the petition and the proposed order with the district court clerk. You file; the court sets the hearing and gives the notice.
- Make sure the proposed order names every agency it applies to. The registry records that as a packet instruction for this route in those words: The proposed order must name every agency.
- Go to the hearing. Take the certified court record with you.

WHERE SELF-HELP ENDS AT THE HEARING

The registry records prosecutor objection, and any contested hearing, as a point where self-help ends. If the prosecuting agency objects, or the court sets a contested hearing, stop and get a lawyer. The papers in this packet still stand; what ends is doing it alone.

WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.

CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA CASE AFTER A DEFERRED SENTENCE WAS DISMISSED

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

Where a deferred or delayed sentence has been completed and the case dismissed, the section 18 categories provide a petition route. WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA CASE AFTER A DEFERRED SENTENCE WAS DISMISSED

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.

CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA FELONY CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

If the free route does not reach you, the rest of this packet is for the route named at the foot of this page: Clear an Oklahoma felony conviction.

PETITION - CLEAR AN OKLAHOMA FELONY CONVICTION

IN THE COURT

(Oklahoma district court for the county where the arrest information is located - see the filing instructions in this packet)

IN RE: Maria-Alejandra O'Shaughnessy-Whitfield,
PETITIONER.

Case number, if the court assigns one at filing:

.....

PETITION TO EXPUNGE A FELONY CONVICTION (22 O.S. Sec. Sec. 18 AND 19)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

The section 18 categories provide petition routes for felony convictions, including a reclassified-felony route with a short window that the review directs be screened before the longer routes, and a one-felony route carrying a separate-misdemeanour look-back. Both are recorded as manual completion items because the category text was amended again by SB 2030 and has not been read. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

B. THE PETITIONER

Date of birth: 1968-12-31

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - 18 full legal name] What is your full legal name, and have you used any other names?

.....
.....

[C2 - 18 date of birth] What is your date of birth?

.....
.....

[C3 - 18 county] In which Oklahoma county is the arrest information located?

(Asked because venue is the district court in the county where the arrest information is located, and because multiple arrests in the same county may be combined in one petition while separate counties need separate petitions.)

.....
.....

[C4 - 18 case number] What is the district court case number, and what was the arresting agency?

.....
.....

[C5 - 18 offence description] Describe the offence in the words used on the record, rather than by any category number.

(Asked because three consecutive years of amendments and renumbering have made the category paragraph numbers unstable, so the screen runs on the description.)

.....
.....

[C6 - 18 disposition and date] How did the case end, and on what date?

.....
.....

[C7 - 18 same county arrests] What other arrests do you have in that same county?

(Asked because same-county arrests may be combined in one petition, which saves the participant filings.)

.....
.....

[C8 - 18 prior record] What other convictions or pending charges do you have, anywhere?

.....
.....

[C9 - 18 restitution] Have you paid all fines, costs and restitution on the case?

.....
.....

[C10 - 18 tribal record] Was the case handled in a tribal court, or does a tribal record exist for the same

events?

(Asked because Oklahoma orders do not reach tribal records and the review records tribal records as a live post-McGirt issue requiring explicit escalation.)

.....
.....

[C11 - 18 free route checked] Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

(Asked first and deliberately, because SB 2030 provides for sealing of certain records without petition and the review's central warning is that a paid petition must not be generated for someone entitled to a free route.)

.....
.....

[C12 - 18 arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

.....
.....

[C13 - fel reclassified] Has the offence you were convicted of since been reclassified as a misdemeanour?

(Asked because the review directs that the reclassified-felony route be screened before the longer routes, and it carries a much shorter window.)

.....
.....

[C14 - fel other misdemeanors] Have you had any separate misdemeanour convictions, and when?

(Asked because the one-felony route carries a separate-misdemeanour look-back the review directs be encoded.)

.....
.....

D. THE REQUEST

The petitioner asks the court to grant the relief described in paragraph A, under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026).

RECORDS CHECKLIST - CLEAR AN OKLAHOMA FELONY CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE RECORDS YOU MUST HAVE IN FRONT OF YOU

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

[] Certified court record and disposition

Who holds it: The district court clerk in the county where the case was filed.

How to obtain it: Ask the district court clerk for the certified docket and the order or judgment showing how the case ended. The category screen runs on the offence description and the disposition, both of which come from this record.

Requirement: required; required BEFORE filing.

[] OSBI criminal history record

Who holds it: Oklahoma State Bureau of Investigation.

How to obtain it: Request a criminal history record from OSBI. It establishes what the state holds, which arrests exist in the county and whether anything has already been sealed under Clean Slate.

Requirement: required; not required before filing, but the registry records it as required.

WHAT THESE RECORDS DECIDE

The registry records that the category screen for this route runs on the offence DESCRIPTION and the disposition, not on a category paragraph number: three consecutive years of amendments have made the numbering unstable. Both the description and the disposition come from the certified court record. Copy them as that record words them.

This page is a checklist. It is not filed with the court and it asserts nothing about your case.

WHAT THIS COSTS - CLEAR AN OKLAHOMA FELONY CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS COSTS, AND WHETHER A WAIVER EXISTS

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

THE FEE, AS RECORDED

The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question.

THE WAIVER, AS RECORDED

Not established. The district court filing fee position is an open question.

WHAT YOU DO ABOUT IT, AS RECORDED

Payment of the \$150 OSBI processing fee for an arrest-record expungement, by cashier's check or money order - Sent to OSBI, not to the court. OSBI does not accept personal checks, and the court-record expungement is free while the arrest-record one is not. LegalEase does not handle payment.

WHAT THIS PACKET DOES NOT TELL YOU

It does not tell you the district court filing fee. The registry records that fee as not established and as an open question, and it records no waiver position for it. Ask the district court clerk in the county where you file, before you go, and ask in the same call whether that court has any fee-waiver route. A filing you cannot pay for is a filing you cannot make.

LegalEase does not handle any payment on this route.

THE HEARING AND THE NOTICE - CLEAR AN OKLAHOMA FELONY CONVICTION

THE HEARING, THE NOTICE AND WHO IS TOLD

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

WHERE THIS GOES

Oklahoma district court for the county where the arrest information is located.

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

THE NOTICE, AS RECORDED

The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

SERVICE, AS RECORDED

By the court's notice. The proposed order must identify every agency to which it applies.

WHAT YOU DO

- File the petition and the proposed order with the district court clerk. You file; the court sets the hearing and gives the notice.
- Make sure the proposed order names every agency it applies to. The registry records that as a packet instruction for this route in those words: The proposed order must name every agency.
- Go to the hearing. Take the certified court record with you.

WHERE SELF-HELP ENDS AT THE HEARING

The registry records prosecutor objection, and any contested hearing, as a point where self-help ends. If the prosecuting agency objects, or the court sets a contested hearing, stop and get a lawyer. The papers in this packet still stand; what ends is doing it alone.

WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA FELONY CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.

CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA MISDEMEANOR CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

If the free route does not reach you, the rest of this packet is for the route named at the foot of this page: Clear an Oklahoma misdemeanor conviction.

.....

PETITION TO EXPUNGE A MISDEMEANOR CONVICTION (22 O.S. Sec. Sec. 18 AND 19)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

The section 18 categories provide petition routes for misdemeanour convictions on stated waiting periods and prior-record conditions. Because section 18 has been amended in three consecutive years and renumbered, the screen runs on the category description rather than the paragraph number, which is the review's single best judgment call and is preserved here. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

THE RECORDS YOU MUST HAVE IN FRONT OF YOU

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

[] Certified court record and disposition

Who holds it: The district court clerk in the county where the case was filed.

How to obtain it: Ask the district court clerk for the certified docket and the order or judgment showing how the case ended. The category screen runs on the offence description and the disposition, both of which come from this record.

Requirement: required; required BEFORE filing.

[] OSBI criminal history record

Who holds it: Oklahoma State Bureau of Investigation.

How to obtain it: Request a criminal history record from OSBI. It establishes what the state holds, which arrests exist in the county and whether anything has already been sealed under Clean Slate.

Requirement: required; not required before filing, but the registry records it as required.

WHAT THESE RECORDS DECIDE

The registry records that the category screen for this route runs on the offence DESCRIPTION and the disposition, not on a category paragraph number: three consecutive years of amendments have made the numbering unstable. Both the description and the disposition come from the certified court record. Copy them as that record words them.

This page is a checklist. It is not filed with the court and it asserts nothing about your case.

WHAT THIS COSTS - CLEAR AN OKLAHOMA MISDEMEANOR CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS COSTS, AND WHETHER A WAIVER EXISTS

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

THE FEE, AS RECORDED

The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question.

THE WAIVER, AS RECORDED

Not established. The district court filing fee position is an open question.

WHAT YOU DO ABOUT IT, AS RECORDED

Payment of the \$150 OSBI processing fee for an arrest-record expungement, by cashier's check or money order - Sent to OSBI, not to the court. OSBI does not accept personal checks, and the court-record expungement is free while the arrest-record one is not. LegalEase does not handle payment.

WHAT THIS PACKET DOES NOT TELL YOU

It does not tell you the district court filing fee. The registry records that fee as not established and as an open question, and it records no waiver position for it. Ask the district court clerk in the county where you file, before you go, and ask in the same call whether that court has any fee-waiver route. A filing you cannot pay for is a filing you cannot make.

LegalEase does not handle any payment on this route.

THE HEARING AND THE NOTICE - CLEAR AN OKLAHOMA MISDEMEANOR CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE HEARING, THE NOTICE AND WHO IS TOLD

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

WHERE THIS GOES

Oklahoma district court for the county where the arrest information is located.

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

THE NOTICE, AS RECORDED

The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

SERVICE, AS RECORDED

By the court's notice. The proposed order must identify every agency to which it applies.

WHAT YOU DO

- File the petition and the proposed order with the district court clerk. You file; the court sets the hearing and gives the notice.
- Make sure the proposed order names every agency it applies to. The registry records that as a packet instruction for this route in those words: The proposed order must name every agency.
- Go to the hearing. Take the certified court record with you.

WHERE SELF-HELP ENDS AT THE HEARING

The registry records prosecutor objection, and any contested hearing, as a point where self-help ends. If the prosecuting agency objects, or the court sets a contested hearing, stop and get a lawyer. The papers in this packet still stand; what ends is doing it alone.

WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA MISDEMEANOR CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.

CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA ARREST THAT DID NOT END IN A CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

If the free route does not reach you, the rest of this packet is for the route named at the foot of this page: Clear an Oklahoma arrest that did not end in a conviction.

.....

PETITION TO EXPUNGE A NON-CONVICTION OR INNOCENCE RECORD (22 O.S. Sec. 18 AND 19)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

The section 18 categories include records where the person was not charged, was acquitted, was factually innocent, or where the charge was dismissed. The petition goes to the district court in the county where the arrest information is located, the court gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records, and the standard is a balancing test: the court may seal if the harm to privacy or the danger of unwarranted adverse consequences outweighs the public interest in retaining the records. Oklahoma says expungement but in most adult contexts means sealing; expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorize physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

B. THE PETITIONER

Date of birth: 1968-12-31

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - 18 full legal name] What is your full legal name, and have you used any other names?

.....
.....

[C2 - 18 date of birth] What is your date of birth?

.....
.....

[C3 - 18 county] In which Oklahoma county is the arrest information located?

(Asked because venue is the district court in the county where the arrest information is located, and because multiple arrests in the same county may be combined in one petition while separate counties need separate petitions.)

.....
.....

[C4 - 18 case number] What is the district court case number, and what was the arresting agency?

.....
.....

[C5 - 18 offence description] Describe the offence in the words used on the record, rather than by any category number.

(Asked because three consecutive years of amendments and renumbering have made the category paragraph numbers unstable, so the screen runs on the description.)

.....
.....

[C6 - 18 disposition and date] How did the case end, and on what date?

.....
.....

[C7 - 18 same county arrests] What other arrests do you have in that same county?

(Asked because same-county arrests may be combined in one petition, which saves the participant filings.)

.....
.....

[C8 - 18 prior record] What other convictions or pending charges do you have, anywhere?

.....
.....

[C9 - 18 restitution] Have you paid all fines, costs and restitution on the case?

.....

.....

[C10 - 18 tribal record] Was the case handled in a tribal court, or does a tribal record exist for the same events?

(Asked because Oklahoma orders do not reach tribal records and the review records tribal records as a live post-McGirt issue requiring explicit escalation.)

.....

.....

[C11 - 18 free route checked] Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

(Asked first and deliberately, because SB 2030 provides for sealing of certain records without petition and the review's central warning is that a paid petition must not be generated for someone entitled to a free route.)

.....

.....

[C12 - 18 arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

.....

.....

[C13 - ncv no refile] Has the prosecutor confirmed the case will not be refiled?

(Asked because prosecutor no-refile confirmation is a self-help boundary the review identifies, and several non-conviction categories turn on it.)

.....

.....

D. THE REQUEST

The petitioner asks the court to grant the relief described in paragraph A, under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026).

RECORDS CHECKLIST - CLEAR AN OKLAHOMA ARREST THAT DID NOT END IN A CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE RECORDS YOU MUST HAVE IN FRONT OF YOU

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

[] Certified court record and disposition

Who holds it: The district court clerk in the county where the case was filed.

How to obtain it: Ask the district court clerk for the certified docket and the order or judgment showing how the case ended. The category screen runs on the offence description and the disposition, both of which come from this record.

Requirement: required; required BEFORE filing.

[] OSBI criminal history record

Who holds it: Oklahoma State Bureau of Investigation.

How to obtain it: Request a criminal history record from OSBI. It establishes what the state holds, which arrests exist in the county and whether anything has already been sealed under Clean Slate.

Requirement: required; not required before filing, but the registry records it as required.

WHAT THESE RECORDS DECIDE

The registry records that the category screen for this route runs on the offence DESCRIPTION and the disposition, not on a category paragraph number: three consecutive years of amendments have made the numbering unstable. Both the description and the disposition come from the certified court record. Copy them as that record words them.

WHAT THIS COSTS - CLEAR AN OKLAHOMA ARREST THAT DID NOT END IN A CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS COSTS, AND WHETHER A WAIVER EXISTS

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

THE FEE, AS RECORDED

The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question.

THE WAIVER, AS RECORDED

Not established. The district court filing fee position is an open question.

WHAT YOU DO ABOUT IT, AS RECORDED

Payment of the \$150 OSBI processing fee for an arrest-record expungement, by cashier's check or money order - Sent to OSBI, not to the court. OSBI does not accept personal checks, and the court-record expungement is free while the arrest-record one is not. LegalEase does not handle payment.

WHAT THIS PACKET DOES NOT TELL YOU

It does not tell you the district court filing fee. The registry records that fee as not established and as an open question, and it records no waiver position for it. Ask the district court clerk in the county where you file, before you go, and ask in the same call whether that court has any fee-waiver route. A filing you cannot pay for is a filing you cannot make.

LegalEase does not handle any payment on this route.

THE HEARING, THE NOTICE AND WHO IS TOLD

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

WHERE THIS GOES

Oklahoma district court for the county where the arrest information is located.

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

THE NOTICE, AS RECORDED

The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

SERVICE, AS RECORDED

By the court's notice. The proposed order must identify every agency to which it applies.

WHAT YOU DO

- File the petition and the proposed order with the district court clerk. You file; the court sets the hearing and gives the notice.
- Make sure the proposed order names every agency it applies to. The registry records that as a packet instruction for this route in those words: The proposed order must name every agency.
- Go to the hearing. Take the certified court record with you.

WHERE SELF-HELP ENDS AT THE HEARING

The registry records prosecutor objection, and any contested hearing, as a point where self-help ends. If the prosecuting agency objects, or the court sets a contested hearing, stop and get a lawyer. The papers in this packet still stand; what ends is doing it alone.

WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA ARREST THAT DID NOT END IN A CONVICTION

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.

CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA RECORD AFTER A PARDON

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

If the free route does not reach you, the rest of this packet is for the route named at the foot of this page: Clear an Oklahoma record after a pardon.

.....

PETITION TO EXPUNGE AFTER A PARDON (22 O.S. Sec. Sec. 18 AND 19)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

A section 18 category provides a petition route following a pardon. Obtaining the pardon itself is a matter for the Governor and the Pardon and Parole Board and is outside scope; this track begins once the participant holds one. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

.....
.....

[C12 - 18 arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

RECORDS CHECKLIST - CLEAR AN OKLAHOMA RECORD AFTER A PARDON

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE RECORDS YOU MUST HAVE IN FRONT OF YOU

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

[] Certified court record and disposition

Who holds it: The district court clerk in the county where the case was filed.

How to obtain it: Ask the district court clerk for the certified docket and the order or judgment showing how the case ended. The category screen runs on the offence description and the disposition, both of which come from this record.

Requirement: required; required BEFORE filing.

[] OSBI criminal history record

Who holds it: Oklahoma State Bureau of Investigation.

How to obtain it: Request a criminal history record from OSBI. It establishes what the state holds, which arrests exist in the county and whether anything has already been sealed under Clean Slate.

Requirement: required; not required before filing, but the registry records it as required.

WHAT THESE RECORDS DECIDE

The registry records that the category screen for this route runs on the offence DESCRIPTION and the disposition, not on a category paragraph number: three consecutive years of amendments have made the numbering unstable. Both the description and the disposition come from the certified court record. Copy them as that record words them.

This page is a checklist. It is not filed with the court and it asserts nothing about your case.

WHAT THIS COSTS - CLEAR AN OKLAHOMA RECORD AFTER A PARDON

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS COSTS, AND WHETHER A WAIVER EXISTS

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

THE FEE, AS RECORDED

The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question.

THE WAIVER, AS RECORDED

Not established. The district court filing fee position is an open question.

WHAT YOU DO ABOUT IT, AS RECORDED

Payment of the \$150 OSBI processing fee for an arrest-record expungement, by cashier's check or money order - Sent to OSBI, not to the court. OSBI does not accept personal checks, and the court-record expungement is free while the arrest-record one is not. LegalEase does not handle payment.

WHAT THIS PACKET DOES NOT TELL YOU

It does not tell you the district court filing fee. The registry records that fee as not established and as an open question, and it records no waiver position for it. Ask the district court clerk in the county where you file, before you go, and ask in the same call whether that court has any fee-waiver route. A filing you cannot pay for is a filing you cannot make.

LegalEase does not handle any payment on this route.

THE HEARING AND THE NOTICE - CLEAR AN OKLAHOMA RECORD AFTER A PARDON

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

THE HEARING, THE NOTICE AND WHO IS TOLD

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

WHERE THIS GOES

Oklahoma district court for the county where the arrest information is located.

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

THE NOTICE, AS RECORDED

The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

SERVICE, AS RECORDED

By the court's notice. The proposed order must identify every agency to which it applies.

WHAT YOU DO

- File the petition and the proposed order with the district court clerk. You file; the court sets the hearing and gives the notice.
- Make sure the proposed order names every agency it applies to. The registry records that as a packet instruction for this route in those words: The proposed order must name every agency.
- Go to the hearing. Take the certified court record with you.

WHERE SELF-HELP ENDS AT THE HEARING

The registry records prosecutor objection, and any contested hearing, as a point where self-help ends. If the prosecuting agency objects, or the court sets a contested hearing, stop and get a lawyer. The papers in this packet still stand; what ends is doing it alone.

WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA RECORD AFTER A PARDON

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.

WHAT THIS MOTION DOES NOT DO - UPDATE AN OKLAHOMA DEFERRED SENTENCE SO THE CASE SHOWS AS DISMISSED

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE FIRST. A SECTION 991c ORDER DOES NOT CLEAR YOUR ARREST RECORD.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

A section 991c expungement updates the court record of a completed deferred sentence so the case shows as dismissed. It is not a full record clearing: the Oklahoma State Bureau of Investigation states in terms that "A Section 991(c) expungement will not expunge (remove) the arrest record." The review calls this the most important consumer-facing point in Oklahoma, because a participant who obtains only a section 991c order and is told their record is clear has been misled. Every section 991c motion is therefore paired with a section 18 arrest-record screen.

The registry's packet instruction for this route is a single sentence: Always pair a Sec. 991c motion with a Sec. 18 arrest-record screen.

THE QUESTION THIS PAGE EXISTS TO ASK

Is your goal to have the arrest itself no longer show, as well as the court case?

.....

IF THE ANSWER IS YES

The motion in this packet is not enough on its own. An arrest-record expungement is a separate route under 22 O.S. Sec. 18, with its own petition, its own hearing and its own cost - the registry records that expunging a court record is free while a separate arrest-record expungement carries a \$150 processing fee. Ask about that route before you rely on this one, and do not tell anyone your record is clear on the strength of a section 991c order alone.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it shows what the state holds on the arrest, which is precisely what the section 991c order will not change.
- Read that record before you decide whether this motion, on its own, does what you want.

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

A section 991c expungement updates the court record of a completed deferred sentence so the case shows as dismissed. It is not a full record clearing: the Oklahoma State Bureau of Investigation states in terms that "A Section 991(c) expungement will not expunge (remove) the arrest record." CHECK THE FREE ROUTE FIRST - CLEAR AN OKLAHOMA PROTECTIVE ORDER RECORD

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

READ THIS PAGE BEFORE YOU PAY FOR ANYTHING.

Oklahoma now seals some records WITHOUT a petition. If your record is one of them, filing the petition in this packet costs you money and time you did not have to spend.

WHAT THE COMMITTED RECORD SAYS, IN ITS OWN WORDS

Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

The registry records, as a point where self-help ends: Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.

THE QUESTION THIS PAGE EXISTS TO ASK

Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

.....

WHAT LEGALEASE CANNOT TELL YOU HERE

This packet does NOT decide whether the free route reaches you. No committed record in this repository resolves the amended Senate Bill 2030 (2026) text, and the registry records that question as open. So this page asks it rather than answering it.

WHAT TO DO

- Request your OSBI criminal history record. The registry records that it establishes what the state holds and whether anything has already been sealed under Clean Slate.
- Ask the district court clerk in the county where the arrest information is located whether your record has already been sealed without a petition.
- If either answer is yes, or if you are not sure, STOP. Do not file the petition in this packet, and get advice before you pay any fee.

If the free route does not reach you, the rest of this packet is for the route named at the foot of this page: Clear an Oklahoma protective order record.

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

Title 22 section 60.18 provides for expungement of victim protective order records. The review classifies this as custom_pleading and approves it with limitations; the section's text was not read. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. THE HEARING, THE NOTICE AND WHO IS TOLD

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

WHERE THIS GOES

Oklahoma district court for the county where the arrest information is located.

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

THE NOTICE, AS RECORDED

The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

SERVICE, AS RECORDED

By the court's notice. The proposed order must identify every agency to which it applies.

WHAT YOU DO

- File the petition and the proposed order with the district court clerk. You file; the court sets the hearing and gives the notice.
- Make sure the proposed order names every agency it applies to. The registry records that as a packet instruction for this route in those words: The proposed order must name every agency.
- Go to the hearing. Take the certified court record with you.

WHERE SELF-HELP ENDS AT THE HEARING

The registry records prosecutor objection, and any contested hearing, as a point where self-help ends. If the prosecuting agency objects, or the court sets a contested hearing, stop and get a lawyer. The papers in this packet still stand; what ends is doing it alone.

WHAT AN ORDER DOES, AND WHAT IT DOES NOT - CLEAR AN OKLAHOMA PROTECTIVE ORDER RECORD

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT AN ORDER ON THIS ROUTE ACTUALLY DOES - AND WHAT IT DOES NOT

Everything below is quoted from the committed legal-design track registry's own record for this route. Nothing on this page is composed by this build and nothing is filed with it.

Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

SAID PLAINLY

Oklahoma calls this expungement and in most adult contexts it means SEALING, not destruction. A fully sealed record is unavailable to the public and to law enforcement; a partially sealed record is hidden from the public but still available to law enforcement, and which one you get is a real difference in outcome. A sealed record can be unsealed later on a finding of changed conditions or compelling reason.

WHAT THIS PACKET CANNOT PROMISE

It cannot promise the court will grant the order, and it cannot promise which category of sealing you will land in. Both are the court's decisions. This page tells you what the committed record says the order does, so that nobody tells you it does more.
