IN THE COURT

(Oklahoma district court for the county where the arrest information is located - see the filing instructions in this packet)

IN RE: Maria-Alejandra O'Shaughnessy-Whitfield,
PETITIONER.

Case number, if the court assigns one at filing:

.....

PETITION TO EXPUNGE AN IDENTITY THEFT OR WRONG-PERSON RECORD (22 O.S. Sec. 18
IDENTITY-THEFT CATEGORY, WITH Sec. 19A)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

Where a record was created in the participant's name through identity theft, or otherwise identifies the wrong person, the section 18 identity-theft category with section 19a provides the route. The review classifies this as custom_pleading and approves it with limitations. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

B. THE PETITIONER

Date of birth: 1968-12-31

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - ide full legal name] What is your full legal name, and have you used any other names?

.....
.....

[C2 - ide date of birth] What is your date of birth?

.....
.....

[C3 - ide county] In which Oklahoma county is the arrest information located?

(Asked because venue is the district court in the county where the arrest information is located, and because multiple arrests in the same county may be combined in one petition while separate counties need separate petitions.)

.....
.....

[C4 - ide case number] What is the district court case number, and what was the arresting agency?

.....
.....

[C5 - ide offence description] Describe the offence in the words used on the record, rather than by any category number.

(Asked because three consecutive years of amendments and renumbering have made the category paragraph numbers unstable, so the screen runs on the description.)

.....
.....

[C6 - ide disposition and date] How did the case end, and on what date?

.....
.....

[C7 - ide same county arrests] What other arrests do you have in that same county?

(Asked because same-county arrests may be combined in one petition, which saves the participant filings.)

.....
.....

[C8 - ide prior record] What other convictions or pending charges do you have, anywhere?

.....
.....

[C9 - ide restitution] Have you paid all fines, costs and restitution on the case?

.....
.....

[C10 - ide tribal record] Was the case handled in a tribal court, or does a tribal record exist for the same

events?

(Asked because Oklahoma orders do not reach tribal records and the review records tribal records as a live post-McGirt issue requiring explicit escalation.)

.....
.....

[C11 - ide free route checked] Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

(Asked first and deliberately, because SB 2030 provides for sealing of certain records without petition and the review's central warning is that a paid petition must not be generated for someone entitled to a free route.)

.....
.....

[C12 - ide arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

.....
.....

[C13 - idt how misidentified] How did your name come to be on this record, and when did you find out?

.....
.....

D. THE REQUEST

The petitioner asks the court to grant the relief described in paragraph A, under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026).

FILING INSTRUCTIONS - CLEAR AN OKLAHOMA RECORD THAT IS NOT YOURS

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS SET OF PAPERS IS

Petition to Expunge an Identity Theft or Wrong-Person Record (22 O.S. Sec. 18 identity-theft category, with Sec. 19a).

Where a record was created in the participant's name through identity theft, or otherwise identifies the wrong person, the section 18 identity-theft category with section 19a provides the route. The review classifies this as custom_pleading and approves it with limitations. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorize physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

WHERE IT GOES

Oklahoma district court for the county where the arrest information is located

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

WHAT IT COSTS, AND WHETHER A WAIVER EXISTS

Fee as recorded: The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question. Fee waiver as recorded: Not established. The district court filing fee position is an open question.

WHO MUST BE SERVED

Service as recorded: By the court's notice. The proposed order must identify every agency to which it applies. Notice as recorded: The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

WHAT THE RECORD SAYS YOU MUST KNOW

- One petition per county; combine same-county arrests
- The proposed order must name every agency
- Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

WHEN TO STOP AND GET HELP INSTEAD OF FILING

- Any dispute about whether the participant is the subject of the record.
- Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.
- Any category question, which is screened by description rather than by paragraph number because three consecutive years of amendments have made the numbering unstable.
- Prosecutor objection, and any contested hearing.
- Records in more than one county, which need separate petitions.
- Federal, tribal, military and out-of-state records. Tribal records are a live Oklahoma issue post-McGirt and are an explicit escalation.
- Immigration exposure.
- Tribal records are not reachable and are a live Oklahoma issue

Title 22 section 19 does not authorize physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

WHERE IT GOES

Oklahoma district court for the county where the arrest information is located

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

WHAT IT COSTS, AND WHETHER A WAIVER EXISTS

Fee as recorded: The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question. Fee waiver as recorded: Not established. The district court filing fee position is an open question.

WHO MUST BE SERVED

Service as recorded: By the court's notice. The proposed order must identify every agency to which it applies. Notice as recorded: The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

WHAT THE RECORD SAYS YOU MUST KNOW

- One petition per county; combine same-county arrests
- The proposed order must name every agency
- Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

WHEN TO STOP AND GET HELP INSTEAD OF FILING

- Any felony category or waiting-period question, until the categories as amended by SB 2030 are read.
- Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.
- Any category question, which is screened by description rather than by paragraph number because three consecutive years of amendments have made the numbering unstable.
- Prosecutor objection, and any contested hearing.
- Records in more than one county, which need separate petitions.
- Federal, tribal, military and out-of-state records. Tribal records are a live Oklahoma issue post-McGirt and are an explicit escalation.
- Immigration exposure.
- Tribal records are not reachable and are a live Oklahoma issue

PETITION - CLEAR AN OKLAHOMA MISDEMEANOR CONVICTION

IN THE COURT

(Oklahoma district court for the county where the arrest information is located - see the filing instructions in this packet)

IN RE: Maria-Alejandra O'Shaughnessy-Whitfield,
PETITIONER.

Case number, if the court assigns one at filing:

.....

PETITION TO EXPUNGE A MISDEMEANOR CONVICTION (22 O.S. Sec. Sec. 18 AND 19)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

The section 18 categories provide petition routes for misdemeanour convictions on stated waiting periods and prior-record conditions. Because section 18 has been amended in three consecutive years and renumbered, the screen runs on the category description rather than the paragraph number, which is the review's single best judgment call and is preserved here. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

B. THE PETITIONER

Date of birth: 1968-12-31

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - 18 full legal name] What is your full legal name, and have you used any other names?

.....
.....

[C2 - 18 date of birth] What is your date of birth?

.....
.....

[C3 - 18 county] In which Oklahoma county is the arrest information located?

(Asked because venue is the district court in the county where the arrest information is located, and because multiple arrests in the same county may be combined in one petition while separate counties need separate petitions.)

.....
.....

[C4 - 18 case number] What is the district court case number, and what was the arresting agency?

.....
.....

[C5 - 18 offence description] Describe the offence in the words used on the record, rather than by any category number.

(Asked because three consecutive years of amendments and renumbering have made the category paragraph numbers unstable, so the screen runs on the description.)

.....
.....

[C6 - 18 disposition and date] How did the case end, and on what date?

.....
.....

[C7 - 18 same county arrests] What other arrests do you have in that same county?

(Asked because same-county arrests may be combined in one petition, which saves the participant filings.)

.....
.....

[C8 - 18 prior record] What other convictions or pending charges do you have, anywhere?

.....
.....

[C9 - 18 restitution] Have you paid all fines, costs and restitution on the case?

.....
.....

[C10 - 18 tribal record] Was the case handled in a tribal court, or does a tribal record exist for the same

events?

(Asked because Oklahoma orders do not reach tribal records and the review records tribal records as a live post-McGirt issue requiring explicit escalation.)

.....
.....

[C11 - 18 free route checked] Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

(Asked first and deliberately, because SB 2030 provides for sealing of certain records without petition and the review's central warning is that a paid petition must not be generated for someone entitled to a free route.)

.....
.....

[C12 - 18 arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

.....
.....

[C13 - mis sentence complete] When did you finish the sentence, including any probation, and pay everything owed?

.....
.....

D. THE REQUEST

PETITION TO EXPUNGE AFTER A PARDON (22 O.S. Sec. Sec. 18 AND 19)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

A section 18 category provides a petition route following a pardon. Obtaining the pardon itself is a matter for the Governor and the Pardon and Parole Board and is outside scope; this track begins once the participant holds one. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorise physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

FILING INSTRUCTIONS - CLEAR AN OKLAHOMA RECORD AFTER A PARDON

This page is for Maria-Alejandra O'Shaughnessy-Whitfield.

WHAT THIS SET OF PAPERS IS

Petition to Expunge After a Pardon (22 O.S. Sec. Sec. 18 and 19).

A section 18 category provides a petition route following a pardon. Obtaining the pardon itself is a matter for the Governor and the Pardon and Parole Board and is outside scope; this track begins once the participant holds one. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorize physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

WHERE IT GOES

Oklahoma district court for the county where the arrest information is located

The court sets a hearing and gives thirty days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records. The proposed order must identify every agency to which it applies. No standard statewide petition form was identified, so the pleading is generated to the statutory content requirements.

Venue: The district court in the county where the arrest information is located. Multiple arrests in the same county may be combined in one petition; separate counties require separate petitions.

WHAT IT COSTS, AND WHETHER A WAIVER EXISTS

Fee as recorded: The Oklahoma State Bureau of Investigation states that expunging a court record is free and that expunging an arrest record requires a \$150 processing fee, which may be accompanied by fees to local law enforcement agencies. OSBI accepts cashier's checks or money orders and will not accept personal checks. The district court filing fee is not established and is recorded as an open question. Fee waiver as recorded: Not established. The district court filing fee position is an open question.

WHO MUST BE SERVED

Service as recorded: By the court's notice. The proposed order must identify every agency to which it

applies. Notice as recorded: The court sets a hearing and gives 30 days' notice to the prosecuting agency, the arresting agency, the Oklahoma State Bureau of Investigation and any other agency holding relevant records.

WHAT THE RECORD SAYS YOU MUST KNOW

- One petition per county; combine same-county arrests
- The proposed order must name every agency
- Building the packet product against the pre-SB 2030 text risks generating paid petitions for people who could have used a free portal, and risks telling people they are Clean Slate eligible when the amendment removed them.

WHEN TO STOP AND GET HELP INSTEAD OF FILING

- Applying for the pardon itself, which is a Pardon and Parole Board matter and out of scope.
- Any participant who may be reached by the SB 2030 sealing-without-petition route, until the amended text is read. Recommending a paid petition to someone entitled to a free route is the specific harm the review warns against.
- Any category question, which is screened by description rather than by paragraph number because three consecutive years of amendments have made the numbering unstable.
- Prosecutor objection, and any contested hearing.
- Records in more than one county, which need separate petitions.
- Federal, tribal, military and out-of-state records. Tribal records are a live Oklahoma issue post-McGirt and are an explicit escalation.
- Immigration exposure.
- Tribal records are not reachable and are a live Oklahoma issue

PETITION - UPDATE AN OKLAHOMA DEFERRED SENTENCE SO THE CASE SHOWS AS DISMISSED

MOTION TO EXPUNGE THE COURT RECORD OF A COMPLETED DEFERRED SENTENCE (22 O.S. Sec. 991C)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 991c; 22 O.S. Sec. 18; 22 O.S. Sec. 19 and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

A section 991c expungement updates the court record of a completed deferred sentence so the case shows as dismissed. It is not a full record clearing: the Oklahoma State Bureau of Investigation states in terms that "A Section 991(c) expungement will not expunge (remove) the arrest record." The review calls this the most important consumer-facing point in Oklahoma, because a participant who obtains only a section 991c order and is told their record is clear has been misled. Every section 991c motion is therefore paired with a section 18 arrest-record screen. Oklahoma says expungement but in most adult contexts means sealing. Fully sealed records are unavailable to the public and to law enforcement, with OSBI retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement. Title 22 section 19 does not authorise physical destruction, a sealed record may be unsealed on changed conditions or a compelling reason, and under section 19(N) a sealed record not unsealed within ten years may be obliterated or destroyed.

B. THE PETITIONER

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - dfc full legal name] What is your full legal name?

.....

.....

[C2 - dfc county] Which Oklahoma county and district court handled the case?

.....
.....

[C3 - dfc case number] What is the case number?

.....
.....

[C4 - dfc completion date] When did you finish the deferred sentence and everything it required?

.....
.....

[C5 - dfc arrest record goal] Is your goal to have the arrest itself no longer show, as well as the court case?
(Asked because a section 991c order does not remove the arrest record, and a participant whose real goal
is the arrest record needs a section 18 petition instead of, or as well as, this motion.)

.....
.....

D. THE REQUEST

WHAT THIS SET OF PAPERS IS

Motion to Expunge the Court Record of a Completed Deferred Sentence (22 O.S. Sec. 991c).

A section 991c expungement updates the court record of a completed deferred sentence so the case shows as dismissed. It is not a full record clearing; the Oklahoma State Bureau of Investigation states in terms that "A Section 991(c) expungement will not expunge (remove) the arrest record." The review calls this the most important consumer-facing point in Oklahoma, because a participant who obtains only a section 991c order and is told their record is clear has been misled. Every section 991c motion is therefore paired with a section 18 arrest-record screen. Oklahoma says expungement but in most adult contexts means sealing. Title 22 section 19 does not authorize physical destruction, a sealed record may be unsealed on changed conditions or a compelling reason, and under section 19(N) a sealed record not unsealed within ten years may be obliterated or destroyed.

WHERE IT GOES

The Oklahoma district court that entered the deferred sentence

A motion in the sentencing court. No standard statewide form was identified. The order updates the court record; it does not reach the arrest record held by OSBI or by the arresting agency.

Venue: The district court that entered the deferred sentence.

WHAT IT COSTS, AND WHETHER A WAIVER EXISTS

Fee as recorded: Not established for the section 991c motion. The Oklahoma State Bureau of Investigation states that expunging a court record is free; a separate arrest-record expungement carries a \$150 processing fee. Fee waiver as recorded: Not established.

WHO MUST BE SERVED

Service as recorded: Not established. Notice as recorded: Not established for this motion.

WHAT THE RECORD SAYS YOU MUST KNOW

- Always pair a Sec. 991c motion with a Sec. 18 arrest-record screen

WHEN TO STOP AND GET HELP INSTEAD OF FILING

- Any participant whose goal is the arrest record rather than the court record, who needs the section 18

route and should not be sold this motion alone.

- Federal, tribal, military and out-of-state records. Tribal records are a live Oklahoma issue post-McGirt and are an explicit escalation.
- Immigration exposure.

PETITION TO EXPUNGE VICTIM PROTECTIVE ORDER RECORDS (22 O.S. Sec. 60.18)

The petitioner, Maria-Alejandra O'Shaughnessy-Whitfield, applies to this court under 22 O.S. Sec. 18; 22 O.S. Sec. 19; 22 O.S. Sec. 19a; 22 O.S. Sec. 60.18; 22 O.S. Sec. 991c; Senate Bill 2030 (2026) and states:

A. THE RELIEF THIS PETITION ASKS FOR, AS THE COMMITTED RECORD STATES IT

Title 22 section 60.18 provides for expungement of victim protective order records. The review classifies this as custom_pleading and approves it with limitations; the section's text was not read. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence. Fully sealed records are unavailable to the public and to law enforcement, with the Oklahoma State Bureau of Investigation retaining them for research and statistical purposes; partially sealed records are hidden from the public but remain available to law enforcement, and which category a participant lands in is a material outcome difference that must be disclosed. On an order the official actions are deemed never to have occurred, the person and criminal justice agencies may reply that no such action occurred and no such record exists, and employers, schools and state and local agencies may not require disclosure of sealed information. Title 22 section 19 does not authorize physical destruction; a sealed record may be unsealed later on a finding of changed conditions or compelling reason, and under section 19(N) a record ordered sealed that is not unsealed within ten years may be obliterated or destroyed at the end of that period.

C. THE FACTS OF THIS MATTER, WHICH THE PETITIONER SUPPLIES FROM THE RECORD

Each item below is printed in the words the committed record uses for it. Fill each one from the record itself.

[C1 - vpo full legal name] What is your full legal name, and have you used any other names?

.....

.....

[C2 - vpo date of birth] What is your date of birth?

.....

.....

[C3 - vpo county] In which Oklahoma county is the arrest information located?

(Asked because venue is the district court in the county where the arrest information is located, and because multiple arrests in the same county may be combined in one petition while separate counties need separate petitions.)

.....

.....

[C4 - vpo case number] What is the district court case number, and what was the arresting agency?

.....

.....

[C5 - vpo offence description] Describe the offence in the words used on the record, rather than by any category number.

(Asked because three consecutive years of amendments and renumbering have made the category paragraph numbers unstable, so the screen runs on the description.)

.....

.....

[C6 - vpo disposition and date] How did the case end, and on what date?

.....

.....

[C7 - vpo same county arrests] What other arrests do you have in that same county?

(Asked because same-county arrests may be combined in one petition, which saves the participant filings.)

.....

.....

[C8 - vpo prior record] What other convictions or pending charges do you have, anywhere?

.....

.....

[C9 - vpo restitution] Have you paid all fines, costs and restitution on the case?

.....

.....

[C10 - vpo tribal record] Was the case handled in a tribal court, or does a tribal record exist for the same events?

(Asked because Oklahoma orders do not reach tribal records and the review records tribal records as a live

post-McGirt issue requiring explicit escalation.)

.....
.....

[C11 - vpo free route checked] Would you like us to check first whether your record is one that Oklahoma now seals without a petition, before you pay anything?

(Asked first and deliberately, because SB 2030 provides for sealing of certain records without petition and the review's central warning is that a paid petition must not be generated for someone entitled to a free route.)

.....
.....

[C12 - vpo arrest record too] Do you want the arrest record cleared as well as the court record?

(Asked because the Oklahoma State Bureau of Investigation states that expunging a court record is free while expunging an arrest record requires a \$150 processing fee, plus possible local law enforcement fees.)

.....
.....

[C13 - vpo outcome] What happened with the protective order - was it dismissed, denied, or did it expire?

.....
.....

WHAT THIS SET OF PAPERS IS

Petition to Expunge Victim Protective Order Records (22 O.S. Sec. 60.18).

Title 22 section 60.18 provides for expungement of victim protective order records. The review classifies this as custom_pleading and approves it with limitations; the section's text was not read. Oklahoma says expungement but in most adult contexts means sealing: expungement is statutorily defined as the sealing of criminal records and of any public civil record involving actions brought by and against the State arising from the same arrest, transaction or occurrence.
