

# Iowa nonconviction expungement: next steps

Avery Jordan Example | Johnson County | EXAMPLE-900001

## 1. What is in this packet

The first three pages are the official August 2024 Rule 2.86 Form 1. Page 3 includes the paper-service certification. No separate service form, proposed order, notarization, DCI request, criminal-history result or billing form is part of this court application.

You did not request a good-cause waiver. No waiver statement has been inserted.

These instructions are not filed with the court. Separate them from the application and any selected good-cause attachment. Fixture names, case numbers and personal facts are invented examples, not real court records. DO NOT FILE THESE EXAMPLES.

## 2. Check the exact case and timing

Use the existing Johnson County case, EXAMPLE-900001, not a new case in the county where you live. Use one application per separately numbered case. Confirm the original caption, name and case number.

Your supplied disposition date is 2025-09-01; the assessment date is 2026-09-07 (371 days later). The statute requires a minimum of 180 days from entry of acquittal or the dismissal order, not sentence completion. Recheck timing when you file.

Item 3.A is marked because your supplied dates exceed 180 days. That is not a court eligibility decision.

This route requires all charges in this case to have been dismissed or acquitted. It is not a deferred-judgment, partial-disposition, insanity-acquittal, incompetency or felony-conviction expungement application. Nonconviction relief is not limited to misdemeanor charges. It concerns district-court public-offense records, not an appellate record except an appeal of a simple misdemeanor to district court.

## 3. Finish the blanks and sign

You must personally finish item 1 and its A/B election. Your supplied outcome is all charges dismissed. Verify the entire case, check item 1, then check B for all dismissed or A for all acquitted. Do not check both.

Review every checked statement and acknowledgment for accuracy. If anything is untrue or uncertain, stop and correct it. For self-representation, check election A on page 2, enter the actual signing date, and sign under penalty of perjury. A printed name is not a signature. The attorney election and all of block B remain blank. Follow the court instructions for a permitted digitized signature or print and sign; no notarization is required.

Known contact facts are already entered. Check them and correct changes before filing.

## 4. File and serve the county attorney

You selected paper filing. Use paper only as permitted by the court, including the form's instruction when the case cannot be found in eFile. File at the clerk of the district court for Johnson County. Mail or hand-deliver a copy of the signed application and any attachment to that county attorney. Keep a copy and proof of delivery.

Intended paper recipient supplied: Johnson County Attorney, 500 S. Clinton Street, Suite 400, Iowa City, IA 52244-2450. Verify the address before sending. Prepared identity/address entries are not proof that service happened.

For paper service, enter the actual mailing/delivery month, day and two-digit year on page 3 only after sending or delivering the copy. The service date is deliberately blank. Follow the clerk instructions for submitting the completed certification. The county attorney generally has 20 days after service to respond, unless the court orders otherwise (Rule 2.83(1)). A hearing may be set; do not assume silence is an order.

### 5. Costs, decision and self-help stopping point

University of Iowa Student Legal Services states there is no fee to file this expungement request. Verify any case-specific amount with the clerk. This packet includes no application-fee payment selection or generic fee-waiver form. Copies, postage or other services can cost money.

Original case debt is different from an application fee: all financial obligations in this case must be paid. Obtain the case balance from the clerk before filing. Separate civil room-and-board charges under section 356.7 are not included in this case-debt requirement. You obtain and keep supporting records; this draft does not authenticate them or condition generation on uploading them.

Stop self-help and seek an attorney or legal aid if the county attorney opposes, a hearing becomes contested, only some charges qualify, the case is a deferred judgment, you rely on identity theft or mistaken identity for a waiver, debt is disputed, immigration consequences are involved, or you seek an appellate-record remedy. Do not miss a hearing or court deadline while seeking help.

An order makes the court record confidential and removes public access; it does not destroy the record. The defendant and persons or agencies authorized under section 907.4(2) can still obtain access as provided by law. This packet does not promise removal from DCI, police, private background reports or every database. Keep the order and confirm the public court record has been updated.
