Mississippi Non-Conviction Expungement Packet under Miss. Code Ann. Section 99-19-71(4)

This packet asks the Mississippi court that handled your case to expunge the record of a case that ended without a conviction: an arrest and release where the case was dismissed, where the charges were dropped, where there was no disposition, or where you were found not guilty at trial.

The statute says the court shall expunge the record when the case ended in one of those ways. You still have to confirm which of those categories your own record actually shows, because that is what the court will read.

The proposed order directs covered custodians to purge, expunge, or destroy the arrest and charge records as Mississippi law requires, subject only to a nonpublic record of the expunction order that a statute permits. Keep a certified copy of any signed order and answer later questions according to the law that applies to the particular question.

This packet does not decide your case and it is not legal advice. Several situations below are ones where you should stop and get legal help before you file.

KEEP FOR YOUR RECORDS / DO NOT FILE

Next steps

Only the steps that apply to your route appear here.

WHERE TO FILE

The records office or clerk of the court that handled the case

FILING METHOD

Not established for this route - ask the clerk or filing office.

DEADLINE

Not established for this route - ask the clerk or filing office.

NEXT EVENT

A hearing notice, a request for another record, an objection, or a signed order

- 1 Sign the Petition and the Verification in the physical presence of a notary, after the notary places you under oath or affirmation and checks your identification. Do this after the packet facts are final and before you file. Do not sign in advance.
- 2 Insert the certified disposition as Exhibit A and the docket sheet as Exhibit B, then file the notarised petition, the proposed order, and anything else local practice requires, with the court that handled the case. Do this once every record fact, exhibit and local filing step is confirmed.
- 3 Give the prosecuting authority the copy the court requires, and complete the certificate of service only when service actually happens, at the time the court's local practice directs.
- 4 Watch for a hearing notice, a request for another record, an objection, or a signed order. The statute supplies no universal decision deadline, so the court's own timetable is what governs.
- 5 If an order is signed, obtain and keep a certified or conformed copy, and ask the court which of the agencies named in the order receive it and whether you have to deliver copies yourself.
- 6 If the public record has not changed after those offices have had time to process the order, follow up with the court and with the agencies the order names, on the timetable those offices confirm.
- 7 Before you file, contact the records office of the court that handled the case and confirm whether the petition uses the existing cause number or a new filing number, and whether that court has a preferred local form or filing method.
- 8 Deliver a public service copy to the prosecuting authority at the service address in your packet, and only after the court or the prosecutor confirms that address and the local timing. Ask the records office whether advance notice, prosecutor approval as to form, or another local step is required.
- 9 Do not include the confidential MCIC identifier addendum in the copy you serve. Give sensitive identifiers only through the channel the court approves for them.

Filing checklist

Use this page as your final quality-control check.

DOCUMENT CHECK

COURT-FACING DOCUMENT	SIGNED?	COPIES	ATTACH / FILE?
Petition for Expunction of Record	☐	-	Sign this in front of a notary, with Exhibit A and Exhibit B attached, and file it with the court that handled the case.
Order Granting Expunction of Record	☐	-	File this with the petition. Leave every part of it blank for the judge; nothing on it is signed or dated by you.
Certificate of Service and Attachment Checklist	☐	-	Complete the certificate only when you actually serve the prosecuting authority, and leave the method, date and signature blank until then.

- Compare the court, filing location, cause number, and your legal name against the certified disposition and docket sheet.
- Confirm an actual arrest and release, then copy the exact charge, citation, classification, dates, arrest name, aliases, agency identifier, and disposition wording from the records rather than memory.
- Insert the participant-supplied certified disposition as Exhibit A and docket sheet as Exhibit B; the generated assembly checklist is not an attachment.
- Do not sign in advance. Sign the Petition and Verification in the physical presence of a notary after taking an oath or affirmation, and have the notary complete the certificate and official stamp.
- Use the court-approved MCIC identifier channel and remove the confidential addendum from participant and service copies.
- Confirm the prosecuting office, current service address, timing, and any approval-as-to-form practice with the court of origin.
- Ask the court of origin about the filing method, fee or waiver, and number of copies.
- Leave signature and service-time fields blank until you perform those acts, and leave prosecutor and court fields for those officials.
- Stop and get legal help if the disposition, venue, related pending matter, prosecutor treatment, or immigration effect is unclear.
- Keep a participant copy that does not contain the confidential MCIC identifier addendum, and keep a certified or conformed copy of any signed order.

KEEP FOR YOUR RECORDS / DO NOT FILE

- Ask the records office how many filing, judge, prosecutor and participant copies the local court wants. The statute does not set a universal copy count.

Fees & costs

Separate the cost of your Expungement.ai packet from court, agency, service, certification, and other third-party costs that may apply to your filing.

ESTIMATED OUT-OF-POCKET FILING COST

Not established for this route - ask the clerk or filing office.

Last verified / Official source

Not recorded | The records office of the court that handled the case

FEE BREAKDOWN

ITEM	AMOUNT	WHEN / HOW PAID
Filing fee	-	Ask the records office of the court that handled the case whether a fee applies to a petition under subsection (4), and how that court takes payment.
Certified disposition and docket sheet	-	Obtained from the records office of the court that handled the case, before you file, at whatever that office charges.

FEE WAIVER / INDIGENCY

AVAILABILITY

A fee waiver may be available if a fee applies and you cannot afford it.

FORM / PROCESS

Ask the court that handled the case which pauper's affidavit or fee-waiver process it accepts. Do not assume a statewide form.

WHERE TO SUBMIT

Not established for this route - ask the clerk or filing office.

No universal fee amount is printed in this packet. Ask the records office of the court that handled the case whether a filing fee applies to a petition under subsection (4).

If a fee applies and you cannot afford it, ask that court which pauper's affidavit or fee-waiver process it accepts. Do not assume a statewide amount or a statewide waiver form.

Whether Section 99-19-72 applies to a subsection (4) petition is an open question, particularly outside circuit court, so the court of origin is the office to ask.

You will also need the records you attach as exhibits. The records office of the court that handled the case sets what it charges for a certified disposition and a docket sheet.

KEEP FOR YOUR RECORDS / DO NOT FILE**WHEN TO STOP AND GET HELP**

- The docket says 'passed to the file,' 'retired to the file,' remanded, or uses another ambiguous case-ending entry.
The repository does not establish that this route covers that entry.
- The case moved between courts or the court of origin is unclear.
Venue and caption treatment require legal review before filing.
- The case involved nonadjudication, pretrial intervention, diversion, intervention court, or drug court.
Those are different Mississippi routes with different legal treatment.
- A related charge or a co-defendant matter remains pending.
Filing may affect or disclose an open matter.
- The prosecuting authority refuses to approve the proposed order as to form where the local court expects that approval.
Do not sign for the prosecutor or file as though approval was given.
- You are not a United States citizen or have any immigration concern.
Record clearing can interact with immigration law and requires qualified immigration advice.
